Technology Lending Center

The Technology Lending Center (TLC) features a wide variety of assistive technology including computer access technology, communication devices, adapted toys and an impressive array of adaptive equipment used for daily living. Cerebral Palsy of New Jersey's Rehabilitation Technology Services department invites you to tour our TLC, view equipment demos and become a member of the TLC.

TLC Membership Benefits:

- **Technology Lending Center:** Members may borrow the equipment of their choice for up to six weeks.
- **Newsletters:** Members will receive the latest technological news and updates via one of Cerebral Palsy of New Jersey's agency newsletters.
- **Information & Referral:** Members can call on us whenever needed. We'll be happy to answer any questions you may have regarding assistive technology.

TLC Equipment List:

- **Augmentative Communication Devices:** Everything from a simple communication board to electronic systems used to augment a person's limited verbal skills or enable a person who has a speech impairment to communicate. Products include: Flip N' Talk, Tech Talk, 7-Level Communicator.
- **Computer Access Technology:** Computer hardware and software to enable a person to access a computer more easily. (Software and laptop computers available for demonstrations only.) Products include: Voice Activated Systems, Forearm Rests, Alternative Mouse and Keyboards.
- **Adapted Toys:** Switch-adapted toys for children of all ages. Products include: Pitching Machine, Bubble Blower
- **Switches:** Numerous devices used to operate computers, toys, augmentative communication systems and environmental control units. Products include: Touch switch, Traction Pads, Jelly Bean.
- **Environmental Control Units:** Devices to help an individual access his or her environment. Products include: X-10 Control System, Big Button Phones, Ablenet TV Controller.
- **Activities for Daily Living:** A variety of both commercially available and fabricated devices to assist with one's daily activities such as grooming, eating, washing, dressing and other similar tasks. Products include: Door Openers, Letter Stuffers, Reachers, Switch-operated pour cup.

Cerebral Palsy of New Jersey's Assistive Technology Services Department and its Technology Lending Center are funded in part by the New Jersey Department of Human Services, Division of Developmental Disabilities and by the Department of Labor and Workforce Development, Division of Vocational Rehabilitation Services.

please see reverse side for a TLC membership sign-up form
